This panel discussion will encompass a variety of experts in the field of psychology and it is designed for students completing their Bachelor's degree in Psychology.

What you will get from attending:

- Learn about different career paths in psychology
- How to get a higher education in psychology
- What courses to do for your chosen career path within psychology
- Different work settings/jobs available in the field
- Advantages and disadvantages of each area

The panelists will talk of their current job profile and their career path. We hope to spend a significant portion of this discussion answering questions students have and help students understand how to use their psychology degrees in the real world application of psychology.

What should I do with a BA/BSc in Psychology?
